

Name: Dr. Tamás Janáky

Place of birth: Hódmezővásárhely, **Date of birth:** 05.16.1952

Current workplace: University of Szeged, Department of Medical Chemistry

Current position, date of nomination: full professor, 2014

Highest professional degree: Chemistry MSc (1975)

Scientific degrees, year: university doctor (1979), CSc (1992), PhD (1998),
habilitation 1998, DSc (2013)

Professional experience:

1975-1981 Endocrine Unit, 1st Dept. Med., Med. Univ. Szeged,
Szeged, Hungary, *research assistant*
1982-1987 Endocrine Unit, 1st Dept. Med., Med. Univ. Szeged, Szeged,
Hungary, *research associate*
1990-1995 Dept. Med. Chem., A. Szent-Gyorgyi Med. Univ., Szeged,
Hungary, *assistant professor*
1995-2014 Dept. Med. Chem., Univ. Szeged, Szeged, Hungary
associate professor
2014- Dept. Med. Chem., Univ. Szeged, Szeged, Hungary
full professor

Postdoctoral fellowships:

1981-1982 CEA-CEN, Department of Biochemistry, Saclay, France
post-doc fellow
1987-1990 Polypeptide and Cancer Institute, Tulane University, Medical
School, New Orleans, US, *visitor scientist*
1997, 1998 Dept. Chem., University of Konstanz, Germany, *visitor scientist*
2000, 2001 Centre for Drug Discovery, College of Pharmacy, University of
Florida, US, *visitor scientist*

Honors and awards: Distinguished (Széchenyi) professor, Budapest (1998)
Award of Lajos Kisfaludy Foundation, Budapest (1999)

Most important results were achieved in the following field: radioimmunoanalytical
determination of peptide and steroid hormones; analytical investigation of peptides and
proteins: chromatography, electrophoresis, mass spectrometry, bioassays; proteomics;
proteomics in clinical medicine

Teaching experience:

1990- Lecturer of the course Medical Chemistry in Hungarian
1990- Lecturer of the course Medical Chemistry in English
1990- Practical teacher of the course Medical Chemistry in Hungarian
1990- Practical teacher of the course Medical Chemistry in English
1990- Chromatography II. PhD course

2015- Protein analysis Ph.D. course
1995- supervisor of Ph.D. students

Professional organizations and activities:

EuPA (European Proteomics Association), General Council member,
HUPO (Human Proteomics Organisation), Council member,
Hungarian Society for Separation Sciences, board member,
Hungarian Society for Mass Spectrometry, board member,
Hungarian Chemical Society, member;
scientific evaluator of national and international research proposals;
member of organizing board of national and international conferences (Balaton Symposia, Bioequivalence Workshops, SRACD, National Separation Science Meetings)

Present project grants: GINOP 2.3.2-15-2016-00060 principal investigator
GINOP 2.2.1-15-2016-00009 investigator
GINOP 2.2.1-15-2016-00007 investigator
