

Name: Orsolya Szolomájer-Csikós

Place and date of birth: Nagykároly, 1983.07.10

Current employer: University of Szeged, Faculty of Medicine, Department of Medicinal Chemistry

Job position, date of appointment: Research Assisitant, 2015.11.14

Highest education: Chemistry M. Sc., Chemistry Teacher, 2005

Scientific degrees, dates of award: Ph.D., 2013, The Synthesis of Modified Peptides

Previous employers: University of Szeged, Faculty of Medicine, Department of Medicinal Chemistry

Studies abroad: -

Awards: -

Most important results have been obtained in the following fields: Glycoproteins; The design and synthesis of modified peptides; Native chemical ligations;

Educational activities: General, inorganic and organic chemistry seminars and laboratory courses (in Hungarian and English)

Participation in national and international scientific life: -

Current grant(s): -

Scientific activity: Glycoproteins, The design, synthesis and analytical investigation of modified peptides; Native chemical ligations;

Number of scientific works: 4

Impact factor (published and accepted papers): 5.84 **Number of citations (total):** 33

H-index: 3

Number of citations (independent): 19

Books/chapters: 2

Number of lectures/posters: 10

Patents: -

Popular science works: -

2017.01.25.
